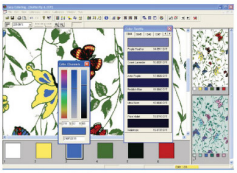
TUKAstudio

Fabric Design System

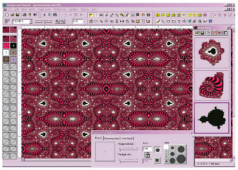
Fabric and print design.



Colorways

The studio.

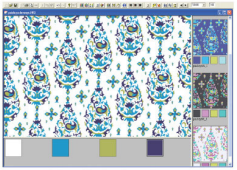
This complete fabric development studio lets you create all fabric components from colorways and repeats to jacquards, plaids and yarn dyes.



Design and Repeat

Envision greatness.

Once the fabrics are designed, use TUKAstudio's powerful storyboard feature to create presentations and catalogs specifically developed for the textile industry.



Easy Coloring

Share it.

This state-of-the-art system was designed with the internet and global collaboration in mind, allowing you to share your ideas and designs instantly via email. TUKAstudio can be used by individual users or expanded for multi-user environments.
